As per the Invinitive Terms and Conditions the 12 month period starts from the moment the first transfer is received.

Invinitive Fees are calculated daily and accrued, then deducted quarterly (calendar). Pro-rated fees may apply.

If you close an account mid-month a pro-rated fee to that date will be applied before any transfers/withdrawals occur.

SIPP fees are taken on the first working day of the year, in full. If you open a SIPP with us mid-year, a pro-rated fee will apply. Please note that some investments you choose may have their own additional charges applied (initial and annual).

Stamp duty of 0.5% applies on all purchases of UK quoted shares and 1% for Irish quoted shares. Stamp duty is also payable on certain UK incorporated securities which are traded as CREST Depository Interests (CDIs). There is no stamp duty on purchases of unit trusts, OEICs, ETFs, warrants and Gilts. Additional charges may be payable for certain international markets. All charges are deducted from your SIPP directly. You must always ensure that there is sufficient cash in your account to cover our charges and any pension benefit payments.
